

# ONE TRANS SHOW

## Confessions of a GenderTrash Reject

Edgy, funny, or angry but always equal parts outraged and outrageous, activist/provocateur Riki Wilchins takes on the gender system, gay politics, the sex change establishment, testosterone, political correctness, binary gender, lesbian/feminism, and the Michgyn Womyn's Music Festival in a no-holds-barred evening of queer theory, stand-up comedy and personal monolog that leaves no rhinestone unturned and no slip showing. A compelling and intimate voyage of self-discovery, "One Trans Show" is sure to have you rethinking everything you know about bodies, sex and gender.

Wilchins is a founder of the protest group Transexual Menace and author of READ MY LIPS: SEXUAL SUBVERSION AND THE END OF GENDER, QUEER THEORY/GENDER THEORY: AN INSTANT PRIMER and GENDERQUEER: VOICES FROM BEYOND THE SEXUAL BINARY. In 2005 Time Magazine selected her one of "100 civic Innovators for the 21st Century."

Her work has also appeared in publications like Social Text, the Village Voice, Curve, and the Advocate and in anthologies like Woman on Woman III and Pomosexuals.
